Previous half year Actual (April 1 – September 30, 2008)	24,811	1,297	1,015	728

2. Reason of Difference

In respect of the unconsolidated business forecast for the six months ended September 30, 2009, net sales decreased from the previously announced forecasts, due to demand recovery is delayed. The situation behind it's still continued low operation due to decreasing demand for automobiles market since last third quarter.

Operating income, ordinary income, and net income are decreased from the previously announced forecasts, due to net loss increasing according to drop in sales and sales price has been impacted by lower law material.

In addition, unconsolidated business forecast for the ending March 31, 2010 has not been revised.
